### Overview

We support mature students with few formal qualifications but with life experience and help to create pathways to life-changing opportunities. Many adults have the potential and ability to study for a Degree or professional qualification but have been unable to do so because their education was disrupted due to family, financial, social or personal circumstances. The Fast Track to University course is a great way for mature students to get back into education. You will be given support and guidance throughout the UCAS application process so that when you have completed the course you are able to move straight onto your chosen Degree.

Additional GCSEs may need to be studied alongside the course depending on the entry requirements of individual Universities.
