

Growing Cut Flowers & Arrangements - Introduction

Make everyday a bouquet day. Growing and arranging cut flowers has become an integral part of any gardener's yearly activity. They are cheap, easy and bring the garden inside creating vibrant and stylish displays for you and your friends.

Course Code: UFPNFL17

Start Date: Sat 14 March 2020

Weeks: 1

Time: 09:30 - 15:30

Fee: £40

Overview

This workshop will identify a range of different plants suitable for growing and cutting. You will cover the basics of sites, soils, seed sowing and cultivation as well as cutting, conditioning and display.

Your tutor will bring in some plant examples for demonstration purposes only. You will receive a list of suitable seeds for sowing before the workshop for you to purchase as a seed sowing activity will be part of the workshop.
