

## Horticulture Principles RHS Level 3

A theory-based qualification to improve the horticultural knowledge needed for career development to supervisory or management roles, or to further develop your interest.

Course Code: UFPNFL10

Start Date: Tue 10 September 2019

Weeks: 30

Time: 13:00 - 16:00

Fee: £932

## Overview

The RHS Level 3 Certificate in the Principles of Plant Growth, Health and Applied Propagation provides a route to employment in professional horticulture by assessing knowledge of the scientific principles underpinning horticultural practices and supports career development for those already working in the profession. It also provides a foundation for further learning or training in the field of horticulture.

Students may wish to study the RHS Level 3 Certificate in the Principles of Garden Planning, Construction and Planting (offered from Sept 2020) and RHS Level 3 Certificate in Practical Horticulture (Tue am)

Students who successfully complete all the necessary units for every one of the Level 3 qualifications listed above will gain the RHS Level 3 Diploma in the Principles and Practices of Horticulture.

# Modules

- Plant Taxonomy, Structure & Function (examination February 2020)
- The Management of Plant Health (examination June 2020)
- The Root Environment, Plant Nutrition & Growing Systems (examination June 2020)
- Understanding Applied Plant Propagation (examination June 2020)

Credits for a unit will be awarded to a candidate who achieves a mark of 50% or more in the written examination for that unit. Where a candidate achieves a mark of 70% or more in the examination for the unit, the credits for the unit will be awarded commendation.

# Entry Requirements

- Horticulture Level 2 RHS Certificate
