

Painting & Decorating Level 3

Gain a professional Painting and Decorating qualification with this Level 3 course which builds on everything you have learned so far with the added benefit of more practice and increased specialism work.

Level: 3

Duration: 1 Year

Campus: Aireville Campus

Awarding Body: CAA

Overview

Turn existing skills into an experience in our brand new industry standard facilities and work towards becoming a master craftsman within the Painting and Decorating trade. You will add further specialist techniques to your portfolio of skills including Hanging Complex Papers and Carrying Out Specialist Architectural Work. You will have access to purpose made booths for training and assessment with specialist industry standard equipment.

Our tutors are specialist craftspeople and have many year's experiences in the Construction industry in both large and small businesses with specialisms in Heritage and Conservation work. You will have the opportunity to enter the prestigious CITB Skill Build competition. All tools, equipment and materials are provided.
