HELLO...

AND WELCOME TO CRAVEN COLLEGE’S DEGREE DIRECTORY. HERE YOU WILL FIND EVERYTHING YOU NEED TO KNOW TO START YOUR HIGHER EDUCATION JOURNEY WITH US.

Our courses are run across three well resourced and attractive campuses in Skipton, the Gateway to the Yorkshire Dales, and our unique airside Aviation Academy based at Leeds Bradford International Airport. Our Garden Design course is delivered at RHS Harlow Carr in Harrogate or York Gate Garden, Leeds. We have great industry links with local, regional and national businesses, community and charitable organisations.

Our students choose us because of the:
... range of vocational degrees leading to employment
... personalised approach, small class sizes and academic support
... quality of tuition and industry experience of our tutors
... commitment to helping you achieve your career goal
... choice of full or part-time study options to suit your lifestyle
... safe attractive campuses
... bursary for those who already have a Degree or other Higher Education qualification

Further information on course descriptors, news and events can be found at www.craven-college.ac.uk or by calling 01756 791 411.

Support Services

The Student Support Services Team aims to support you in many ways...

Accommodation

Craven College does not offer any residential facilities, however, some students find private accommodation to rent in Skipton. For students studying at The Aviation Academy the local student areas of Leeds and Bradford have private accommodation available.

Careers Guidance

As a student you can access information, advice and guidance from one of our careers advisors. We can help with finding employment, volunteering opportunities and setting up your own business.

Counselling

We offer a confidential Counselling Service which is available to all students throughout the academic year. All counsellors who work at the College offer the highest possible level of confidentiality consistent with the law and the codes of the British Association for Counselling and Psychotherapy (BACP).

Course Tutor

To ensure that you have a quality experience at Craven College, your course tutor will be available to help you through individual and small group tutorials.
FITNESS HUB

All students at Craven College will have access to our fitness suite on the Aireville Campus.

LEARNING RESOURCE CENTRE

With wi-fi, printing and a comprehensive stock of books and multimedia resources, newspapers, journals, computers and laptops, the LRC offers support for all students.

STUDENT VOICE

All students are given the opportunity to take part in the Student Council and in focus groups. Your valued opinions about the College are gathered in regular (confidential) student surveys.

STUDENTS’ UNION

We are affiliated to the NUS (National Union of Students); this means that all full and part-time students are entitled to become card holding members. The ‘Extra’ card enables you to take advantage of discounts from various local and national outlets; more details available on: www.nusonline.co.uk

STUDY SUPPORT

We offer specialist study support workshops at all campuses where you can drop in for help with your work. In addition many courses offer online resources to help you when studying from home.
PARTNERSHIPS

THE OPEN UNIVERSITY

DALE WATERHOUSE - BUSINESS MANAGEMENT IN THE SERVICE SECTOR BA (HONS)

“The teaching on the Service Sector BA Top-up is current and without doubt will help students think strategically about business. The tutors have vast amounts of current knowledge and industry practices. The course embeds current industry knowledge so you have the knowledge to become a strategic manager at a senior level. The support and encouragement from the tutors has been fantastic, I would recommend Craven College & the Service Sector Top-up to anyone wanting to study a good business management degree. The course and the tutors are first class; I am now hoping to study a master’s degree at university.”

“Studying equine management level 3 after school and a couple of years gaining great practical experience working in a yard I knew my life plan should include coming back to Craven College to study the Equine Science FD. The course helped me improve my writing and research skills and I learned to find information from reliable sources, read scientific articles. I gained a really good understanding of equine science and anatomy which has helped throughout my career. Looking back the Equine Science FD was 100% the correct path for me to take.”
# EQUINE SCIENCE FD

This course allows you to develop your managerial skills in the equine industry at the same time as focusing on the scientific aspects, and work in the equine ancillary industries whilst being located in the real working environment of Skipton Auction Mart.
