

Welcome to Craven College and the **Foundation Degree in Garden Design**

To help you prepare for your course we would like you to complete the following task and bring it to your first Personal and Professional Development session (PPD) which will be the week commencing 4th November.

The work will be assessed and you will receive formative feedback but it will not form part of your degree classification.

Task: Visual Images.

Choose two images/photographs of gardens. Try to find gardens of a 'high calibre', heritage gardens or show gardens, not just your own back garden.

Think about each image and then write around 200 words for each that:

- Explains why the image appealed to you. Think about your own emotional response and the processes and skills involved in their production, the use of colour, contrast, shape and form.
- Discuss what you think the designer was trying to achieve and evaluate how successful they have been.

If you have any further questions about the task, please email reaston@craven-college.ac.uk
