

Welcome to Craven College and the **Foundation Degree in Prosthetic Make-up Effects**

To help you prepare for your course we would like you to complete the following task and bring it to your first Personal and Professional Development session (PPD) which will be the week commencing 23rd September.

The work will be assessed and you will receive formative feedback but it will not form part of your degree classification.

Task: Visual Images.

Choose two images/photographs of Prosthetic Make-up.

Think about each image and then write around 200 words for each that:

- Explains *why* the image appealed to you. Think about your own emotional response and the processes and skills involved in their production, the use of shape, form, colour and texture.
- Discuss what you think the artist was trying to achieve and evaluate how successful they have been.

If you have any further questions about the task, please email gthom@craven-college.ac.uk.
