Hello!

Welcome to Craven College Adult Part-time courses for January – July 2020

Our Part-time team have put together a spectacular range of courses with old favourites making a return as well as many new ones to extend your expertise or to inspire you to try something new. The range of Counselling and Mental Health Awareness courses have been expanded to meet demand as well as courses to get you started as a business with social media, including making videos.

There are more options for those with a love of all things horticulture, starting with a new one day workshop entitled 'Winter Garden'.

The most progressive and exciting new edition has to be the Junior language courses in Spanish and Italian – what a lifelong gift to give (and it could help you along the way!).

Don't forget – if you have any ideas for courses you would like to see in our next prospectus – we'd love to hear from you.

Happy learning!
