Many of our students have completed work experience for the local council, on farms, golf courses and large estates it is worth thinking about places near to you.

ACTIVITY - PLEASE COMPLETE THIS BY FRIDAY 26 JUNE

We would like you to complete the OPAL (Open Air Laboratory) Climate Survey but do not send the results off as the national survey has now closed.

The Instructions and workbook are available at: <https://www.opalexplornature.org/climatesurvey>

Most of this can be completed from a garden or back yard, if lockdown lifts you could go to a park to complete the bubble race.

If you do not have a compass you can download an app for your phone.

If you don't have any bubble mix you can make it using washing up liquid – again look on line.

At the moment there are not many planes so Activity 1 will not be very representative of normal times.
