WORK EXPERIENCE LINKS

We will work with all the services whilst you are at college. You will spend a week with the army on a residential and do activities with all the services from hose reeling with the fire service to fitness work outs with the Royal Marines to riot training with West Yorkshire police.

ACTIVITY - PLEASE COMPLETE THIS BY FRIDAY 26 JUNE

Please work on your fitness. Plan a mile and a half running route, time yourself and log that time. See how much quicker you can do the run between now and the start of college in September.

See how many press ups and sit ups you can do in 2 minutes. You can download the press up and sit up bleep test on your phone or computer and try to improve over the summer

Look at the website relating to service of your choice. Find out what the entry requirements are and write them down. Look at all the different jobs there are in your service and see which one you would most like to do.

When you come to the Future Student Morning please tell us how you have done with your fitness. You don't need to reveal times or scores. Please also tell us how you got on with your information search and bring three questions about college and how you think college may help you with your future career.
